TIDBIT

Did you know?

At MH Limuru –

- * We have no electricity
- * We cook with charcoal
- * Sometimes we have water via the hose from the neighbor and sometimes we have it delivered via donkey cart
- * We rent a small building right in the middle of the slum
- * We have 3 teachers, a counselor (house-mom), a cook, and a guard!

Yes, we have to have a guard over night to protect even the few items of any value we keep there: teaching materials, cooking pots, and food. Yes, there are many improvements that could be made but we don't for safety. Finally, it is a reality that this improvement in the lives of the children we serve is life saving!

We look forward to the development of our newly acquired 10 acres where we will be able to provide more for our children and a much safer environment!!
